

LIBRARY USAGE GUIDELINES FOR PATRONS

To accommodate all library users and to maintain an academic environment, please note the following:

- For your convenience, food and covered drinks are permitted in Benner Library. Library staff may use discretion to restrict items, if needed.
- Reshelving carts are located on each floor. After using materials, place them on carts. Staff count the usage and return materials to the stacks.
- Research and academic work is the first priority for group study rooms and computers. Do not monopolize these areas solely for social purposes.
- The Ultra Quiet Area of 3rd floor is designated for individual silent study. Move to a different section of the building for any talking or noise.
- The Religion Room is designated for academic collaboration. Moderate talking is permissible.
- Respect the dignity and privacy of other library patrons. Behavior throughout the building should be appropriate for an academic library.
- Please ask for assistance at any of our service desks.

Thanks for your cooperation!
