Button Site Tutorial

The Irene Clerico Maker Space, located in the lower level of Benner Library, offers specialty services for patrons to use, including button making. Button designs can be made on your own or through a specialty program found on the Library website.

Step 1: To design your button, go to library.olivet.edu.

Click on Services and then on Button Making.

Note: If you want to change/remove the text from the button, click on the green buttons on the bottom of the screen.

By clicking on the background of the button, you are able to change to you desired color.

Important Note: Do not click "Print Your Buttons" until you have saved your design. Click "Save & Load" and the "Save this Button". Then you will be able to print them.

Once you have saved your buttons, click "print your buttons" and then select the first option being to print a sheet of your selected button.

-Now you will be able to print a sheet of your button design. You can print this from any of the printers in the library.
